Language level: beginner

Description: Itsy Bitsy Spider is one of the catchiest nursery rhymes which is easy to act out, entertaining and teaches an important lesson: how to be persistent and to never give up.

CLASS

Activity Tips

Storm game

#vocabulary #personal skills

The teacher forms a circle of chairs that is one fewer than the number of players. Every learner gets a name, they are divided into three groups: rain, cloud and sun. There is one student standing in the middle of the circle. If she calls rain, everyone who is "rain" must get up quickly and change places. The other players remain seated. The learner who is standing in the middle tries to sit down when the other learners swap positions.

The person in the middle can also call 'storm' and everyone who is seated has to change spots.

Pass it on!

#vocabulary

The teacher uses flashcards (spider, waterspout, rain, sun) and passes them on while she says the name of the words. Learners also pass them on while saying the word out loud. Pass them on faster if you feel that your learners are comfortable with it. At the end the teacher gives a little spider flashcard for every learner.

Puppets

#arts&crafts #vocabulary

The teacher uses the picture cards attached. Learners colour them then tape them on bamboo sticks. When they are ready, they can use the puppets to present the song to each other.
