

What are the steps of a proper hand wash? Label the pictures.

Rinse your hands
with clean water.

Don't forget
to clean your nails!

Use enough soap
to cover all your hands.

Clean the back
of your hands.

Wet your hands
with water.

Clean between
your fingers too.

Dry your hands
with a clean towel.

...and your hands
are clean and safe

Rub your soapy hands together
and clean your palms.
